Jide-Onyia Okechukwu Vitus

Web Developer | Virtual Assistant | Content Writer | Economics Graduate

PROFILE

Economics graduate and web developer with 3 years of coding experience, plus hands-on forex and stock market experience. Driven by enthusiasm and ambition, with a strong ethical foundation, I strive for excellence in everything I do. My integrity and proactive approach to challenges have earned respect in professional and personal circles, and my commitment to continuous learning keeps me growing.

PROJECTS

GlowStudio - Hair-care site for men and women where customers book sessions and buy hair creams (women's range).
Shopify, React, Tailwind CSS, JavaScript, GSAP | glow-studio-dev.myshopify.com (password: 0)

OnlyCreams - Online cream store built with custom Shopify theme code.
Shopify Liquid | only-creams.myshopify.com (password: 2)

Nigeria Monetary Value - Inflation and exchange rates across every era since independence, plus a "money time machine" showing what your money is worth today versus then, and the reverse.
React, Tailwind CSS | naijaeconstats.netlify.app

Nigeria Economic Statistics - In-depth web app presenting Nigeria's economic data.
React, Tailwind CSS | naija-met.vercel.app

Churashawarma - Shawarma ordering site with menu, ordering and delivery options. Each order goes straight to the owner's WhatsApp.
React, Tailwind CSS, JavaScript, WhatsApp link | churashawarma.netlify.app

2026 Yearbook - Digital yearbook for my graduating class, with optional participation for each student.
Supabase, React, Tailwind CSS | ccu026yearbookwall.netlify.app

EXPERIENCE

Forex Trader (4 years)
Analyze charts, manage risk with stop-losses, and follow a defined trading plan.

Stock Account Manager (1 year)
Select stocks, analyze valuations, and judge how macroeconomic factors such as inflation and interest rates affect them, then make buy and sell decisions.
